CHIEF MUNRO WILL SPEAK ON FIRE FIGHTING

Victoria Fire Chief Will Address Public Meeting In Wesley Hall Tuesday

The regular monthly dinner meeting of the Sidney Businessmen's Association took place at the Sidney Hotel on Wednesday evening, March 2nd, with a good attendance of members, Hugh J. McIntyre presiding.

After an enjoyable meal the business session got under way with the reading and adoption of the minutes of the previous meeting.

Discussion took place regarding a letter from the Provincial Assessor regarding taxes on the fire hall and the public dumping ground, and taxes as outlined by the assessor were ordered paid.

A letter of considerable length from James S. Taylor, M.P., concerning repairs and alterations to the Beacon Avenue wharf was introduced by the chairman of the port committee, W. N. Copeland, who intimated that Mr. Taylor had spent a great deal of time and taken a keen interest in the work required at the wharf. The meeting unanimously endorsed a motion that a letter of appreciation be sent to Mr. Taylor.

George Gray, chairman of the fire protection committee, outlined progress being made in training the fire brigade and the work being done in connection with the equipment and the building of the hose-drying tower. The question of badges for the firemen was discussed at length and the matter finally left to the fire committee to act as it deems advisable.

The question of securing a water connection to the fire hall was left to the president.

The chemical fire extinguishers stationed in the various sections of North Saanich were considered and 12 refills for same were authorized, same to be procured immediately.

Mr. Gray then informed all present that Chief Munro of the Victoria Fire Department would be the guest speaker at the next fire brigade meeting, which will be held in Wesley Hall on Tuesday, March 15th, at 8 p.m., and which will be open to the public. He expressed the hope that as many interested citizens of North Saanich (Please turn to Page Four)

GALIANO GOLF ENTHUSIASTS VISIT MAYNE

"Hardscrabble" Course Is Brilliant Scene; "Plus Fours" 'N' Everything

MAYNE ISLAND, March 9.—An invasion of Mayne Island by Galiano took place on Sunday, March 6th, when 24 golfing enthusiasts came over to spend a very pleasant day on "Hardscrabble" Golf Course.

The morning was occupied by the visitors in getting acquainted with the various hazards—in the shape of fences and ditches—which abound on the Mayne Island course, preparatory to playing a series of best-ball four-somes against the home team during the afternoon.

Naturally, the Mayne Islanders, playing on their home course, had the edge on their visitors, but their captain, W. M. Green (conspicuous in his light-colored Palm Beach plus fours) was assured this state of affairs would be rectified on the replay at Galiano.

Mrs. Deacon, as usual, excelled herself in her hospitality towards her guests, and the green-keeper, Jimmy Drysdale, had been "Hoche, aye, non" all over the course, for days before hand.

The weather was on its best behavior, and Mrs. Fisher, the honorary secretary of Hardscrabble Golf Club, saw to it that no hitch occurred.

It was indeed a most enjoyable day.

The rooms were prettily decorated with freezias and pussy willows. The dainty tea tables were bright with freezias and snowdrops.

Mrs. F. Stacey was in charge of the needlework stall; Mrs. W. Palmer and Mrs. W. Norton, home cooking, while Mrs. Carl Seymour, assisted by others, was in charge of the teas.

There was a short musical program at which vocal and piano-forte selections were given; vocal selections by Mrs. H. A. Robinson and Mrs. Laurie Mout, and piano-forte selections by Mrs. D. K. Crofton.

The dance was held in the Agricultural Hall, Saanichton, which had been gaily decorated with streamers and flowers, the stage being artistically done in imitation white palms with red streamers and silver bells. Adding much to the gaiety of the occasion were three huge nets filled with many colored balloons strung up and later let down, much to the delight of everyone.

Len Acres' popular five-piece orchestra played all the latest dance hits as well as many old favorites. A song, "Gold Mine in the Sky," was sung by Melbourne Keyworth, with orchestral accompaniments and was much enjoyed. Medleys were played throughout the evening and helped to keep the dancers on their toes as well as cause much merriment.

Dr. Gray, Victoria, of the B.C. Council, in his address pointed out many good instances of first aid and how the order was in olden days, first aid on highways and how the tradition was being carried on by world-wide first aid stations.

H. W. Edwardson, honorary secretary-treasurer of the B.C. Council, in his address spoke of how pleased he was with the work being carried on in the small community of Sidney. He then gave a brief report on the annual meeting held recently at Government House, Victoria. Mr. Edwardson then presented the certificates to the candidates, and in doing so urged each one to keep up their studies of first aid.

Mr. Baal, president, mentioned that most of the credit of success of the candidates was due to the work of Freeman King, who had instructed the classes. Mrs. Courser was called upon and on behalf of the class members presented Mr. King with a complete camping knapsack. Mr. King then thanked everyone for the gift of appreciation and also thanked the candidates for their attention and help during classes.

NORTH SAANICH VOLUNTEER FIRE BRIGADE NOTES

March 3rd: The fine dry weather tempted the volunteer firemen to continue work on the drying tower. Arthur Gardner again scaled the dizzy heights and welded a saw very effectively. Willing helpers below sent up material and advice. The tower is only 30 feet high, but to the man on top it looks 130, so he moves slowly and cautiously. By the end of the afternoon the poles were spaced apart at the top and braced in that position for the night.

The men on the ground filled in their spare time on other useful work in and around the fire hall, one end of the hall being completely cleaned up and a bench made by Jack Skinner. The volunteer workers for the day were as follows:

Arthur Gardner, Jack Skinner, Bert Baldwin, Charles ("Babe") Eckert, "Duke" Shepard and "Les" Stirling kindly assisted by carrying lumber over from the mill to the fire hall.

Unfortunately for the fire brigade, but fortunately for Sevar Halseh, he was unable to be present to supervise the construction, as he is now busy at Patricia Bay.

March 4th:—Work was resumed on the tower at 2 p.m., Harry Mowatt taking Arthur Gardner's place in the sky. Harry was quite safe while on top, but when he reached the ground he managed to step on a nail which retired him, and Chief Morgan then took his place. Progress was made on the tower, and on the ground below the boys following the example of Chief Morgan, who swung a lusty mattock, uprooting blackberry bushes and small trees and otherwise clearing the ground on the site of the fire hall and in front of the tower.

The fire brigade is doing its best to help Sidney in its clean-up and tidy-up campaign.

The volunteer workers for this afternoon were: Harry Mowatt, Tom Morgan, Helmar Hofstad, Jack Skinner, Ted Skinner, Ray Summers, Bob Deildal.

March 5th—On Saturday morning work was resumed on straight-

ening up the tower with more help, and by the end of the day the main supports of the tower were in their right position. Those who assisted were:

Fred Musclove, George Wylie, Jack Skinner, Harry Mowatt, "Babe" Eckert, Chief Morgan, Pete Hemphill.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And they did all eat, and were filled: and they took up of the fragments that remained twelve baskets full. And they that had eaten were about five thousand men, besides women and children" (Matthew 14: 20, 21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In the scientific relation of God to man, we find that whatever blesses one blesses all, as Jesus showed with the loaves and the fishes—Spirit, not matter, being the source of supply."

COL. LOGAN ADDRESSES CATTLEMEN

"Fairbridge Farm and School" Is Subject; Pasture Issues Discussed

Saanich Jersey Cattle Club held its March meeting Monday evening at J. S. Braidwood's home on Foul Bay Road, Victoria, with the president, Ian Douglas, in the chair and a good muster of members.

Many things of importance to the breed and to all producers of milk were considered.

It was decided to revive the custom of holding a field day in May, which was so popular several years ago.

Major Macdonald, who has been exploring the possibilities of export, gave an account of what has been done in New Zealand and what has been done toward export to Australia and South Africa.

George Malcolm reported on the results of the propaganda in pasteurizing all milk. It has made little progress in Victoria, which is lucky in having a sufficient supply of natural raw milk produced under clean conditions.

To pasteurize or damage this excellent milk in order that some few careless producers may have their product honored (?) with the title "pasteurized" would be unfair to the cleanly producers and prevent many housewives from getting clean milk straight from the cow.

The speaker of the evening was Col. Logan of Fairbridge Farm and School. He spoke of the romantic beginning of the scheme. It appears that this idea of farm schools for the young came into the brain of a South African, Kingley Fairbridge, when he was 12 years old. He had become aware of the vast unpopulated spaces and the slum children of crowded cities and longed to Rhodes them together. Through a British scholarship he went to Oxford and in 1908 began canvassing for funds for his project and by 1912 had collected \$10,000 and promise of a supply of children. He then applied to the Dominions for land and Western Australia provided some which was, however, too remote, so that he bought 150 acres on which he started with his first batch of 12 boys, increased later to 35. Then war came and stopped all help and the undertaking was only saved from closure by aid of the Western Australian Government. After the war the British Government financed him so that he bought a 3,000-acre farm to carry 360 children.

The establishment on Vancouver Island was begun in 1934 and was associated with the title of the Prince of Wales because of the help which the last Prince gave in raising \$500,000 to extend the project. It consists of 1,000 acres and is training 84 boys and 55 girls, with room for 250. Boys are trained for agriculture and the girls for domestic life.

SUM OF \$80.00 RAISED FOR RECTORY FUND

Junior Auxiliary Event At Brentwood Bay Hall

BRENTWOOD BAY, March 9.

Under the auspices of the Junior Women's Auxiliary of St. Stephen's and St. Mary's Churches a successful bridge and cribbage party with 26 tables in play was enjoyed on Tuesday, March 8th, at the Brentwood Bay Women's Institute Hall.

The hall had been beautifully decorated with black satin Chinese drapes worked with silver dragons. Large brass vases of daffodils and pussy willows also made the hall very pretty.

The prize winners for bridge were, first, Mr. and Mrs. H. Andrews; second, Mr. and Mrs. R. Carrier; third, Mrs. Lawrence Haffer and T. Walker. Consolation prizes were awarded to Mrs. H. L. Witherby and J. Johnson. First prize for cribbage was won by Mr. and Mrs. W. White. Special prizes were won by Mrs. Ian Douglas, Mrs. W. Watt, Mrs. A. Gale, Mrs. Fraser, Miss Herchmer and F. A. Urquhart.

The sum of \$80.00 was raised and will go towards the fund for building a new rectory.

Given—"Are you fond of indoor sports?"

Eileen—"Yes, if they don't stay too late."

BORROWING AT THE BANK to operate more profitably

FARMING, DAIRYING, FRUIT-GROWING—and other lines of agricultural business often need improvements or new equipment, to stop waste and make

better profits. Good managers in every line of business know where small expenditures would increase efficiency and profits. If they can spare the money from their working capital, they will spend it promptly for such

purposes. If they have good security, but not the ready cash, they will wisely borrow.

Wherever, in Canada, agricultural business is carried on, there is a branch of the Bank of Montreal, acquainted with local needs and conditions, ready to consider applications for loans for such constructive purposes.

CHIEF MUNRO WILL SPEAK ON FIRE FIGHTING

(Continued from Page One.)

as possible attend on this occasion. The meeting is free and the idea is to disseminate as much fire-fighting information as possible to cut down fire losses. A question period will follow Chief Munro's talk.

George Cochran, previously appointed a committee of one to look into the condition of the sidewalk on the east side of Third Street from Beacon Avenue to Sidney Avenue, reported contact with the Public Works Department and assurance that the matter would be taken care of shortly.

Under the heading of town planning considerable discussion arose over the presence in town of a number of old, unoccupied buildings becoming unfit for occupation and setting up a fire hazard in some cases. The meeting endorsed a motion to the effect that this matter be referred to the health authorities and fire warden.

Other projects discussed were the air-drome and various inquiries regarding industries, hotels, theatres, etc., that are mooted.

A guest of the evening was Art Gardner of Gardner's Garage.

Those in attendance were: W. Peddle, A. Gardner, A. Doildal, J. G. Mitchell, F. G. Bowcott, T. Morgan, W. N. Copeland, Geo. L. Raul, George Gray, Everett Goddard, G. A. Cochran, Arthur Harvey, H. J. Readings, Frank Hunt, H. H. Shade, Samuel Robert, A. W. Hollands, Hugh J. McIntyre.

Ardmore Golf Club

Golf went forth in full swing at Ardmore with players accompanied by cards and pencils trying to make their best scores. New out of bound signs had been posted and there is no more excuse of not knowing the rules. There is also a new sign prohibiting dogs to run off their leash. This rule is going to be rigidly enforced. Members are asked to keep their dogs on a leash not only on the course but around the clubhouse and tea tables where several complaints have been made. The secretary reports the greens have greatly benefited by the mild winter and the job of cutting has once more commenced as there is a good growth of grass.

BARNUM

Was Right

The one and only P. T. Barnum is alleged to have said many things that never found their way into our copybooks... things to which few of us would wish to subscribe. But he uttered a profound truth when he said:

"If you don't advertise your business, the sheriff will."

Firms which intend to stay in business, that is, firms which deal directly with the public, must advertise. By the same token, it is a sign that they mean to stay in business when they do advertise. For they are offering, through advertisements, their very best values.

You, the customer, will decide whether or not they ARE values. If they are not, it is "just too bad" for the firm that claimed they were. Don't you see, therefore, that no merchant can afford to misrepresent himself or his goods in print? Advertising merely magnifies a misrepresentation—brings the fatal day nearer.

Naturally, then, you can trust the advertisements in this paper. You can believe that the businesses behind those advertisements want your trade, and are willing to earn it—with honest values and fair treatment. Read the advertisements. Patronize the advertisers. It is to your own interest to do so.
